★ VULNERABILITIES

No known vulnerabilities found in this contract

★ BACKDOORS

We have not found any backdoor in this contract

FEES & FAIRNESS

There is a 10% fee on both deposits and withdrawals. Being a fork of Wealth Mountain, it is inevitable to compare the fees between the two.

On a good note, unstake fees have been raised and remain in the protocol

★ DECENTRALIZATION (FULL STAR WITH A "-")

The project fully respects decentralization standards but since the fees have been raised we are applying a penalty

★ PRIVILEGES

There are no privileges in the contract

★ AUDIT BONUS

An audit has been provided and can be found at

COMMENTS & VERDICT

After a code review, DEFI detective did not find any malicious intent within the code. This is a fork of Wealth Mountain with increased yield and gains, that will consequently affect survivability
